Wednesday, August 6, 2025 | 11:00 a.m. – 12:00 p.m.

Professional Engineers Ontario (PEO) has introduced changes to their license application process as of May 2023 that make applying for an engineering license more efficient and transparent. This informational session will provide an overview of the new application process and licensing requirements for Canadian and International engineering graduates.

Areas of focus will include:

- How to apply to become a Professional Engineer in Ontario
- The new application processing timelines
- The new academic and licensing requirements in Ontario
- An overview of the National Professional Practice Exam
- The new competency-based assessment
- The role of a validator
